Hexaware honored at the “National Awards for Excellence in Outsourcing 2016” for its unmatched capabilities in Telecom BPO services

Mumbai - July 18 : Hexaware Technologies, a leading global provider of IT, BPS and consulting services, has been recognized and honored for its unmatched capabilities in providing Business Process Outsourcing services to global Telecom clients.

The Company received the best recognitions and awards in the following categories at the recently concluded 'National Awards for Excellence in Outsourcing 2016 in Mumbai:

- Best Outsourcing Service Providers- Telecom Industry
- Telecom Outsourcing Project of the Year

Hexaware has constantly strived to provide business value to its clients through significant cost savings and creating opportunities for revenues generation. The Company's 'Shrink IT, Grow Digital' strategy helps global firms dramatically reduce commodity operations and IT costs, while enabling realization of value from Digital initiatives through solutions across industries like Telecom, BFSI, Healthcare and Insurance, Travel, Logistics, Manufacturing and Consumer.

“We are honoured to have received these awards which are a testament to satisfied clients, relevant offerings and our focus on execution. Our ability to provide a Digital Managed Services offering on the back of RPA, and a step change approach to transformation is fueling our success stories” **said Chinmoy Banerjee, Global Head, Business Process Services, Hexaware Technologies.**

Hexaware has a strong Telecom BPS practice that has aligned its digital strategy to suit the offerings to client situations and solving business problems. Its scalable and integrated digital telecom services help in improving the customer experience and bring in efficiencies in back-office operations. One of Hexaware's key differentiators is the innovative automation enabled approach that brings in clarity and visibility of efforts to the clients at the onset of transition as against traditional BPO engagements where customers are required to wait for many years to get the visible productivity.
