

Hexaware strengthens its Oracle HCM Cloud value proposition

Mumbai – 28 Feb 2017: Hexaware Technologies Limited, a leading global provider of Application, Infrastructure, BPS and Digital services announced the launch of package based fixed price and fixed scope Oracle HCM Cloud implementation services. Hexaware is an Oracle platinum partner and a co-development partner for Oracle HCM Cloud application. These offerings are a new addition to the existing “pay as you use” support offerings, launched last year.

Hexaware’s Oracle HCM Cloud services feature an efficient and easy navigation with unique self-service portal to help customers select and provision their preferred service package. Designed with simple and easy contracting terms, these packages offer secured investment options to customers.

“The industry is gradually moving towards consumerization of services and with this initiative, we not only plan to adopt it but also take it a step further.” said **Vimal Kewalramani, SVP Global Enterprise Solutions, Hexaware Technologies Ltd.** He added “Hexaware is offering flexible options with ready and made-to-order packages for deploying and supporting Oracle HCM cloud application in a new age model. One of the main objectives of this offering is to give customers the flexibility to choose a service that fits & serves them best.”

Madhavi Mallineni, Head of HCM Practice, Hexaware Technologies Ltd also added that “HR service delivery has changed dramatically with Cloud HCM platform and so has the application support requirements. Our offering is backed by an experienced team of consultants who are skilled and equipped to deliver high quality output. With this initiative, Hexaware is committed to deliver premium quality services for Oracle HCM Cloud implementation & support through a redefined and customer centric process of engagement.”

Hexaware further strengthens its overall HCM thought leadership and market positioning with these new age offerings which is an exemplary model of the “Grow Digital” vision of Hexaware.
