

Credit Enhancement Target State [CETS]

Client Overview

Credit Enhancement Target State Program for Leading Secondary Mortgage Provider in North America.

100% Automation, TDD, BDD and CICD

Program Initiative

- Provide a scalable state of the art platform to expand the risk sharing / transfer opportunities
- Flexible interface with the Legacy systems and automate many manual processes

Program Initiative

- Inability to quickly market risk-sharing products
- Inflexible, manual intensive and not scalable system
- Multiple constraints to create new revenue streams

IT Need

- Scalability for increased market share
- Flexible and Reliable platform to introduce and market new products, resulting in faster time to market
- Increase operational efficiency and faster delivery

Current system	Target State	Business Benefits
Inflexible	Very Flexible	<p>Additional capacity to minimize the exposure to risk</p> <p>Ability to introduce new products / services quickly</p> <p>Revenue growth through new product offerings</p>
Not scalable	Highly Scalable	
Manual intensive	Fully Automated	
Technical constraints	Advanced technology stack with no constraints	
Maintenance Issues	Easy to maintain
